

CB-26L

Air Coolers

Portable Evaporative Air Cooler, 110V / 60HZ / 1 Ph*

The New Boss in Town

The latest addition to the Cool Boss family: the CB-26. This portable air cooler is more than up to the task of providing cool, refreshing air. All you need to get started is an everyday source of power, some water, and the natural process of evaporation.

The CB-26 comes with durable easy-roll locking swivel casters so you're able to effortlessly transport your Cool Boss wherever you need it the most. Combine that with its compact design, and you get an AC alternative that goes from stow to go in moments. The CB-26 features a 26" Blue Flex™ axial flow fan blades which pumps out 6,027 CFM and pulls a high volume of air at low RPMs. It will alter its shape slightly at higher RPMs. It's hardly noticeable, but it results in reduced engine drag and increased energy efficiency. That means that your low energy bill just got lower. Can't beat that, right?

Features

- Oscillating auto-swing louvers
- Blue Flex™ axial-flow fan
- Remote control with a convenient holder
- Automatic water source shutoff
- Honeycool™ evaporative media
- Durable ABS plastic shell construction
- Space-saving design
- User-friendly controls

Specifications

Fan Diameter	26" / 660 mm
Fan Speed	10-Speeds
Max. Airflow	6,027 CFM
Louver Style	Automatic Swing Louvers
Water Consumption	1 - 1.6 Gal / Hr
Water Capacity	50 Gal (185 L)
Dimensions	66" H x 43" W x 27" D (1,676mm x 1,092 mm x 686 mm)
Weight	209lbs. (95 kg)
Media Dimensions (ea)	40" H x 14" W x 6" D (1,016 mm x 356 mm x 152 mm)
Effective Cooling Area	2,585 sq. ft.
Casing Construction	ABS Plastic
Power Cord Length (ft)	15'
Noise	73-97 dB
Power Supply	110V/60 Hz

*Optional voltage available upon request.
