Overview

Fountain products are USA designed and manufactured rooted in half a century of expertise building commercial grade equipment engineered for the rigors of industry. Our designs benefit from continuous improvement from modern technologies and materials, valuing the voice of the customer, and a desire to lead and never follow. The 9600 front load spray cabinet is our mid-size aqueous front load automated spray wash machine with a large and well supported 30" turntable with 1000 lbs. weight capacity. The powerful spray wash is designed to clean efficiently and effectively.

Function

High pressure spray paired with detergents and heat remove greases, sludge, dirt, and debris to provide you clean parts with minimal effort.

Spray cabinets are exceptional at surface cleaning, and the washing effect rinses down parts thoroughly.
